LED

Type	Fixed door / Built-in appliance for integrated use
Energy consump. in 365 days/24 h	179 kWh
Total net capacity	291 l
Total net	Fridge: 291 l including BioFresh compartment: 96 l
Noise output	33 dB(A)
Climate rating	SN-T (+10 °C to +43 °C)
Frequency / voltage	50-60 Hz / 220-240 V-
Connection Rating	1.2 A
Aperture dimensions in cm (h / w / d)	177.2-178.8 / 56-57 / min. 55
<b>Controls</b>	
Type of Control	2.4" TFT-colour display, touch- & swipe
Interface	SmartDeviceBox: optional accessory (Only available in selected countries)
Door alarm	visual and acoustic
<b>Fridge compartment</b>	
Forced air system	PowerCooling with Ambilight and FreshAir activated charcoal filter
Bottle shelf	Integrated bottle shelf
Interior light	LED light panel both sides LED BioFresh lighting
BioFresh-Safes	3 BioFresh-Safes on telescopic rails, 2 Fruit & Vegetable-Safes, 1 Meat & Dairy-Safe, 1 FlexSystem
<b>Features</b>	
Door hinges	Reversible door hinging
Replaceable door seal	yes
EAN-Nr.	4016803092100

## Features

---

### Fruit & Vegetable safe

Crunchy salad and strawberries: the most delicate foods deserve a special place so they stay fresh longer – in BioFresh safes. In the Fruit & Vegetable safe the temperature is close to 0 °C. Combined here with the constant humidity, thanks to the air-tight closure, unpackaged fruit and vegetables feel particularly at home. You do not have to adjust anything.

### Meat & Dairy safe

Do you want the tender veal fillet or fresh milk to stay fresh for as long as possible? The BioFresh safes will ensure this is the case. In the Meat & Dairy Safe, the temperature is close to 0 °C – ideal storage conditions for even the most delicate of foods. And best of all, everything is perfectly adjusted in the factory for immediate use – and for longer freshness.

### OpenStage drawers

Inspired by refrigerated display cases in fine delicatessens, the OpenStage concept elegantly showcases your food. Thanks to the transparent glass drawers you can have everything perfectly displayed. The different heights make it easy to store food of different sizes. In the bottom OpenStage drawer, practical dividers ensure bottles are held securely in place.

### Ambient lighting

Light creates special design effects – and this includes in your refrigerator with our ambient lighting. The all-round lighting creates unique effects in the interior. And, together with the rear wall in SmartSteel design and the black high-gloss fan, it creates an atmospheric ambience.

### LightTower

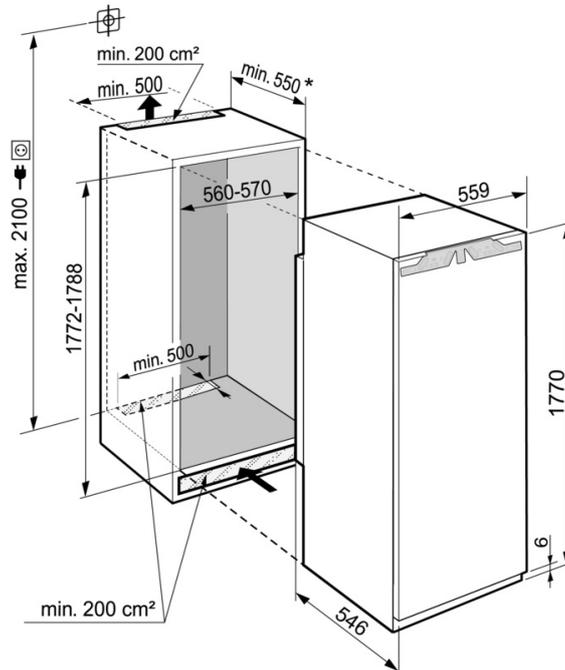

Enjoy an optimally illuminated interior: the LightTower shows off the food in its best light and is positioned so that all of your filled fridge is illuminated at all times. The flush mounting of the LightTower in the side walls means there is also more space for your food.

### Touch & Swipe display

Control of your Liebherr at your fingertips: thanks to the Touch & Swipe display, you can operate your refrigerator intuitively and with ease. Simply select functions such as SuperCool on the colour display by tapping and swiping. The temperature is controlled just as easily. And, what if you are not actively using the display? Well, it then shows you the actual temperature.
