ZKes 453

The Perfect Climate for Your Cigars

Quality, Design and Innovation
LIEBHERR

Ideal humidity: The integrated water tray can accommodate one litre of distilled water to achieve your desired humidity. Sensors regulate the humidity level selected while the LCD display indicates when water needs to be replenished.

LED lighting: The ZKes 453 humidor has LED lighting with dimmer function incorporated in the glass door. As the LEDs emit virtually no heat, cigars can be exposed to the light for long periods of time without damage.

Fine cedar wood: The wooden shelves and boxes are crafted from Spanish cedar wood to ensure an even climate while maturing cigars. Its aroma also enhances the unique flavour of exclusive cigars.
Liebherr's approach to refrigeration and freezing is to provide the best storage conditions for your food and the **ZKes 453** humidor is no exception. Its innovative LCD display allows precise control to establish the proper balance of temperature and humidity so important to the optimal storage for fine cigars.

Temperature in the humidor can be set between +16°C to +20°C while the humidity can range from 68% to 75% according to your preference. With the option to wall mount or position on furniture, the **ZKes 453** provides a focal point in any environment. The most coveted cigars in your collection will always be in sight and ready for your enjoyment.

ZKes 453 Humidor	LED	Cigar	Smart Steel

Sound rating dB(A) *	40
Total capacity litre	39
