Competitive Proposal

Our solution proposal will cover your needs with competitive terms.

Seamless Delivery

Our proven manufacturing and logistic process will ensure on-time delivery.

Liebherr-Aerospace Lindenberg GmbH

Liebherr-Aerospace Lindenberg GmbH

is one of Europe's leading manufacturers of aircraft equipment and part of the Aerospace and Transportation Technology division of the Liebherr Group. The company based in Germany is the center of excellence for flight control, actuation, landing gears, hydraulics, gears and gearboxes. These products are not only found on board widebodied aircrafts, but also used in business jets and helicopters. Furthermore, hydraulic systems for railway cars are developed and produced. Around 2,800 employees are working at sites in Lindenberg and Friedrichshafen.
