

EU declaration of conformity regarding energy consumption according to (EU) 2015/1095

Energy Label (EU) 2015/1094

Applied standard EN16825

## Product information sheet

|                                 |                                                                                     |
|---------------------------------|-------------------------------------------------------------------------------------|
| Supplier's name or trade mark   | LIEBHERR                                                                            |
| Supplier's address              | Liebherr-Hausgeräte GmbH<br>Memminger Straße 77-79<br>88416 Ochsenhausen<br>Germany |
| Model identifier                | FRFCvg 5501_092013851                                                               |
| Type of refrigerating appliance | professional refrigerated storage cabinet                                           |
| Design                          | 1 - Vertical Chilled                                                                |

### Electrical data

| Parameter     | Value   | Parameter      | Value |
|---------------|---------|----------------|-------|
| Voltage (V ~) | 220-240 | Frequency (Hz) | 50    |

### General product parameters

|                                   |        |       |                            |       |
|-----------------------------------|--------|-------|----------------------------|-------|
| Overall dimensions (millimetre)   | Height | 1793  | Net volume (dm³ or l)      | 419   |
|                                   | Width  | 747   |                            |       |
|                                   | Depth  | 769   |                            |       |
| EEI                               |        | 47.70 | Energy efficiency class    | C     |
| Energy consumption (kWh/24)       |        | 1.7   | Climate class <sup>1</sup> | 5     |
| Annual energy consumption (kWh/a) |        | 620   | Refrigerant fluid-type     | R600a |
| Refrigerant charge (in g)         |        | 70    | Global warming potential   | 3     |

<sup>1</sup>) **Climate class 3:** This appliance is intended for use in ambient temperatures up to 25 °C and is therefore not suitable for use in hot large-scale catering establishments.

**Climate class 4:** This appliance is intended for use in ambient temperatures up to 30 °C.

**Climate class 5:** This appliance is intended for use in ambient temperatures up to 40 °C.
