Your CarePack benefits

Efficiency
We'll run the repair workshop for your fleet; you can focus on your core business. For optimum comfort and minimal time commitment. MyLiebherr Performance and MyLiebherr Maintenance allow you to send information about your machine to your Liebherr service partner so that it can be looked after in the best possible way.

Flexibility
You know exactly what your machine needs. Choose the Liebherr CarePack package that suits you best from our range and set the contract term to suit your individual needs. You can tailor the scope of services to suit your needs perfectly by adding optional services.

Safety
You pay a fixed amount per operating hour. This ensures planning certainty throughout the machine's entire service life. Liebherr CarePacks give you the peace of mind that you're prepared for any eventuality.

Economy
Liebherr CarePacks ensure a long service life and high availability for your fleet through regular maintenance. Any repairs that may be required will, if agreed as part of the CarePack, be carried out promptly, efficiently and professionally by the experts at your Liebherr service partner.

Which CarePack is the right for you?

'Not allowing problems to occur by carrying out regular maintenance is the best way.'

Björn Lundin,
Service technician for Liebherr in Sweden

CarePack Overview

Service
CarePack

The Liebherr CarePack service includes all preventive maintenance measures and ensures that the function of your Liebherr machine operates flawlessly. The standards are high: The maintenance schedule complies with the manufacturer's specifications, and only genuine Liebherr parts are used.
If you value a well-maintained machine, the Liebherr CarePack service is the right choice for you.

Comfort
CarePack

In addition to maintenance, the Liebherr CarePack Comfort also covers repairs to the drive train using genuine Liebherr parts. By protecting the machine's key components, you reduce the risk of the most costly repairs.
The Liebherr CarePack Comfort gives you great safety, allowing you to focus fully on your core business.
For more information on which components are covered for drive train repairs, please contact your local dealer.

Premium
CarePack

The Liebherr CarePack Premium is the package that gives you peace of mind. In addition to maintenance, repairs to the machine are covered by Liebherr genuine parts. In the event of a breakdown, the experts at your Liebherr service partner will ensure that your machine is back to full working order as quickly as possible.
The Liebherr CarePack Premium therefore ensures optimum machine utilisation whilst keeping costs under control.
